bboce001@odu.edu

EDUCATION

Old Dominion University, Norfolk, VA	**Doctorate in Civil & Environmental Engineering**	Current
Old Dominion University, Norfolk, VA	**Master's Degree in Civil Engineering**	August 2025
Antalya Bilim University, Antalya, Turkey	**Bachelor of Science in Civil Engineering**	June 2019
Antalya Bilim University, Antalya, Turkey	**Bachelor of Science in Architecture**	June 2019

Relevant Courses: Earthquake Engineering, Soil Dynamics, Advanced Foundation Engineering, Slope Stability, Advanced Soil Mechanics, Hydraulic Engineering, Environmental Engineering, Applied Mathematics for Civil Engineers, Probability & Statistics, Regression and Time Series, Advanced Programming in R

SKILLS

Computer Skills: AutoCAD ArcGISPro DEEPSOIL QGIS Revit SketchUp SAP2000 Microsoft Office R Programming MATLAB
Certifications: Basic and Advanced Primavera Expertise

RELATED EXPERIENCE

Old Dominion University, Virginia, United States of America; **Laboratory Instructor** Spring 2023- Now

- Teaching the Soil Mechanics Laboratory Course 341 in the Department of Civil and Environmental Engineering.

ADDITIONAL EXPERIENCE

Old Dominion University, Virginia, **Research Assistant** January 2023 - Now

- Investigating the consistency between DYFI data and ground motion data by applying path attenuation analysis.
- Implementing Bayesian method to assess the spatial correlation of earthquake ground motion.

Limak Construction, Central Bank of the Republic of Turkey, Turkey, **Planning Engineer** February - August 2022

- Managed scheduling and reporting using Primavera P6.

Sembol Construction, Tersane Istanbul Project, Turkey; **Junior Engineer** July 2019 - February 2022

- Led efficiency analysis, budget updates, and tendering process.

IGA, Istanbul Grand Airport, Turkey; **Civil Engineer Intern** July - September 2017

- Developed budget estimates via accurate quantity takeoffs.

Akin Akinci Engineering, Turkey; **Structural Engineer Intern** February - March 2017

- Assisted in technical drawings and structural design integration.

AKS Construction, Turkey; **Field Engineer Intern** June - July 2016

- Conducted material testing (concrete, grout, mortar).

LEADERSHIP

Project Leading; Old Dominion University/ Geotechnical Frontiers Conference: Louisville, KY, March 2025**.**

- Presented paper, A new methodology for assessing the spatial correlation of earthquake ground motion.
